DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 10, 11 and 20 are rejected under 35 U.S.C. 102(b) as being anticipated by Sato, et al. (4,360,224).

Sato discloses a tricycle comprising a pair of suspension arms 17, 18; wheels 40, 41; a rocking mechanism 13 provided between the suspension arms side and a body frame side. Sato teaches a connecting member 26 on the body frame by a through pin 35. The rocking mechanism is a neidhardt damper. With respect to the suspension arms connected to each other by a shock absorber, Sato teaches a shock absorber or a neidhardt cushion 13, see col. 3, lines 24-27.

Allowable Subject Matter

3. Claims 2-9 and 12-19 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

4. Applicant's arguments filed August 26, 2005 have been fully considered but they are not persuasive. The term *substantially* is a broad term, clearly Sato teaches

substantially L-shaped bell cranks 22, 24 and 21, 23. Further, Sato clearly teaches the claimed structure.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
